

St Nicholas' Primary School

Bearsden

2024 / 2025

WELCOME

Dear Parents/Guardians

Welcome to St Nicholas' Primary School. I hope you will find this handbook a useful introduction to life in the school.

St Nicholas' is at the heart of the Catholic community within Bearsden and Milngavie. We enjoy partnerships with St Andrew's Parish Church, St Joseph's Parish Church, parents, the local community of Bearsden and Milngavie and other schools.

In school we aim to provide a safe and stimulating environment, ensuring that all pupils reach their potential and become successful learners, confident individuals, responsible citizens and effective contributors.

This handbook provides a snapshot of life in St Nicholas', if you would like more information, please do not hesitate to contact me.

I look forward to working with you and your child.

Charlotte Grogan

Head Teacher

SCHOOL INFORMATION

St Nicholas' Primary School was built and opened in 2018.

The school has 17 classrooms, a variety of open areas throughout the school, a gym hall and a dining hall.

St Nicholas' is a Catholic establishment catering for boys and girls from Primary 1 to Primary 7. The current roll is 294, with a working capacity of 434. The school has a functional capacity of 509. Parents should note that the working capacity of the school may vary dependent upon the number of children at each stage and the way in which classes are arranged.

Following regulations introduced by the Scottish Government class sizes are as follow

P1	-	25
P2 & P3	-	30
P4 – 7	-	33
Composite	-	25

School Contact Information

Head Teacher	Mrs Charlotte Grogan
Name and address	St Nicholas' Primary School Duntocher Road Bearsden Glasgow G61 4QL
Telephone	0141 955 2222
E-mail	office@st-nicholas.e-dunbarton.sch.uk
Website	www.st-nicholas.e-dunbarton.sch.uk
Community Facilities Available	The school premises are available for use by various organisations. Applications for lets should be made via the East Dunbartonshire Council website or by telephoning: 0300 123 4510.

SCHOOL HOURS

School hours are the standard 25 hours per week for pupils.

School opens:	9.00 a.m.
Morning interval:	10.30 a.m. - 10.45 a.m.
Lunchtime:	12.15 p.m. – 1.00 p.m.
Whole school dismissal:	3.00 p.m.

Primary 1 are full time pupils immediately from August 2024.

TEACHING & SUPPORT STAFF

Head Teacher	Mrs C Grogan
Deputy Head Teacher	Mrs A Murray
Deputy Head Teacher	Ms C Lennon
Primary 1(1)	Ms C Kenna & Ms S Fraser
Primary 1(2)	Mrs G Mackie
Primary 2	Miss L McDougall
Primary 3	Mrs A Darley
Primary 4(1)	Mrs L Orr
Primary 4(2)	Mrs D McCann
Primary 5(1)	Ms S Smith
Primary 5(2)	Miss S McEntee
Primary 6(1)	Mrs AM Letham & Mrs M Connolly
Primary 6(2)	Mrs J Muchan
Primary 7(1)	Miss S Macinnes & Mrs AM McNair
Primary 7(2)	Miss E Gracie
NCCT	Miss D Hughes
Additional Support	Mrs D Frew, Mrs K Gilmour, Mrs C McGovern and Mrs J Wright
Support for Learning Assistants	Mrs A Belyanova, Miss A Boyd, Miss L Currie, Mrs V McGregor and Mrs N Rae
Classroom Assistants	Mrs K Anderson, Miss S Eddie, Dr C Marek-Johnston
Admin Assistant	Ms R Macpherson
Clerical Assistants	Mrs L Gartshore, Mrs W Murray and Dr C Marek-Johnston
Building Manager	TBC

THE SCHOOL YEAR

First Term:	In-Service Day	Monday 12 th August 2024 Pupils do not attend
	In-Service Day	Tuesday 13 th August 2024 Pupils do not attend
	Pupils return	Wednesday 14 th August 2024
September Weekend	Closed	Friday 27 th and Monday 30 th September 2024
	Re-open	Tuesday 1 st October 2024
October Break	In-Service Day	Friday 11 th October 2024 Pupils do not attend
	Closed	Monday 14 th - Friday 18 th October 2024
	Re-open	Monday 21 st October 2024
Christmas Break	Closed	Monday 23 rd December 2024 - Friday 3 rd January 2025
	Re-open	Monday 6 th January 2025
February Break	Closed	Monday 17 th and Tuesday 18 th February 2025
	In-Service Day	Wednesday 19 th February 2025 Pupils do not attend
	Re-open	Thursday 20 th February 2025
Easter Break	Closed	Monday 7 th – Monday 21 st April 2025
	Re-open	Tuesday 22 nd April 2025
May Day	Closed	Monday 5 th May 2025
	In-Service	Tuesday 6 th May 2025 Pupils do not attend
	Re-open	Wednesday 7 th May 2025
May Weekend	Closed	Friday 23 rd and Monday 26 th May 2025
	Re-open	Tuesday 27 th May 2025
Summer Holidays	Last Day of Term	Wednesday 25 th June 2025
	Closed	Thursday 26 th June – TBC

ATTENDANCE AND ABSENCE

Attendance at School

Scottish local authorities have the responsibility to review and revise their procedures for managing situations where children fail to attend their school/early years centre and no explanation for absence is received from their parents/carers. East Dunbartonshire Council recognises that under such circumstances, children may be vulnerable to harm and that timely steps must be taken to ensure that an absent child is safe and well.

Children missing from education are children and young people of compulsory school age who are not on a school roll and are not being educated otherwise (at home, privately or in an alternative provision). They have usually not attended school for a period of time.

Attendance must be recorded twice a day, morning, and afternoon. Each child's absence from school to be recorded in the school register as authorised i.e. approved by the authority, or unauthorised i.e. unexplained by the parent (truancy) or temporarily excluded from school.

The Scottish Government emphasises the need for schools to support attendance for all and create appropriate support for those who find attending school a challenge. Attendance is defined as the "participation in a programme of educational activities arranged and agreed by the school" (Included, Engaged and Involved: Part 1). Engaging in school and in learning is crucial to ensure that children and young people meet their full potential.

ATTENDANCE PERCENTAGE	NUMBER OF DAYS MISSED OVER AN ACADEMIC YEAR	FURTHER INFORMATION
95%	9 days	Attendance at or above this level gives a learner the best chance of success.
90%	19 days	Attendance at this level leads to less chance of success. Data shows that learners missing this much school could drop a whole grade in secondary.
80-85%	27-36 days	Attendance at this level has serious implications for learning and progress.

There are a key rights, duties and legal obligations in relation to attendance as outlined in '[Included, Engaged and Involved \(Part 1\)](#)'. These are set out below:

- All children and young people have a right to education; and education authorities have a duty to provide education.
- All children and young people have the right to get the support they need to benefit fully from their education and fulfil their potential.

- All children and young people need to be included, engaged and involved in their learning. Children and young people should be given opportunities to fully engage and participate in the life of their school, in order to encourage good attendance.
- Schools should actively engage with parents to try to ensure that any barriers to good attendance are removed.
- Schools and partners should work collaboratively to promote and support good attendance.
- The foundation for schools, learning establishments and education authorities is a focus on positive relationships and an inclusive ethos and culture that promotes good attendance. Attendance should not be considered in isolation.

All children and young people have a right to education; and education authorities have a duty to provide education. All children and young people have the right to get the support they need to benefit fully from their education and fulfil their potential. All children and young people need to be included, engaged and involved in their learning. Children and young people should be given opportunities to fully engage and participate in the life of their school in order to encourage good attendance. Schools should actively engage with parents to try to ensure that any barriers to good attendance are removed. Schools and partners should work collaboratively to promote and support good attendance. The foundation for schools, learning establishments and education authorities is a focus on positive relationships and an inclusive ethos and culture that promotes good attendance. Attendance should not be considered in isolation.

[Included, Engaged and Involved \(Part 1\)](#)

Un-notified Absence Policy

Parents/carers have the primary duty of care for their children. During school/centre hours (and during registered school/centre activities), schools/centres must take all reasonable steps to keep children safe from harm. The effective implementation of the procedures will require parents/carers and schools/centres to exercise their respective duty of care and to work in partnership to help to ensure that children are kept safe from harm.

In order to respond appropriately to an un-notified absence, it is important that parents/carers exercise their duty of care, by notifying the school/centre when their child will be absent and the reasons for this. Each session parents/carers will be required to notify their child's school/centre of all absences.

If parents do not inform the school of their child's absence, the school will take action to find your child. This will involve contacting you and, where necessary, your emergency contact person(s). If these actions are not successful, the school will ask the school's Attendance Officer to visit your home. In some exceptional circumstances, where the school believes your child could be at risk of harm, contact will be made with the Police and/or Social Work. Parents should also give their child a note on his/her return to school confirming the reason for absence.

Family Holidays

Every effort should be made to avoid family holidays during term time as this seriously disrupts a child's education and greatly reduces learning time. It should be noted that it not only has an adverse effect on a child while he/she is absent from school, but also leads to extended disruption to a child's education for a period of time when he/she returns to school after the family holiday.

Family holidays will only be regarded as authorised absence where prior agreement from the school has been obtained and where it is judged the holiday is important to the wellbeing and cohesion of the family, following serious or terminal illness, bereavement or other traumatic events.

Parents may request that their children be permitted to be absent from school to make an extended visit to relatives. This leave will be regarded the same as a family holiday but will be recorded separately from school holidays for attendance purposes. Requests should be made in writing detailing the destination and the duration.

Clearly with no explanation from the parents, the absence is unauthorised.

Information regarding exceptional closures

We make every effort to maintain a full educational service, but on some occasions circumstances arise which lead to disruption. Schools may be affected by, for example, severe weather, temporary interruption of transport, power failures or difficulties of fuel supply. In such cases we shall do all we can to let you know about the details of closure or re-opening. We shall keep you updated using the usual digital methods of communication used by the school i.e. email, Groupcall or social media. There will also be updates on the website www.eastdunbarton.gov.uk.

(a) Parental Communication with School in Case of Emergency

It is important that parents keep contact with the school to a minimum in the case of an emergency. When you telephone the school you will be asked for a contact number and your message will be repeated back. Please ensure the pupil's name, class and/or teacher's name is given.

Please ensure that your child knows their home/pick up plan each day. If there are any changes to childcare arrangements, please inform the school before 2.30pm. This should only happen in exceptional circumstances.

Comments, Compliments and Complaints Procedure

We are keen that you should be completely satisfied about your child's education and we encourage feedback on our services from parents and pupils. We are, therefore, interested in feedback of all kinds, whether it be comments, compliments, or complaints.

If you want to register a comment of any type about the school you can do this by writing, e-mailing, telephoning or making an appointment to see someone. All feedback is welcome and keeps us in touch.

If, in particular, you have a complaint about the school, please let us know. It is better that these things are shared openly and resolved fairly, rather than being allowed to damage the relationship between the family and the school. There will be no negative consequences arising from making a complaint and we will deal with the issue as confidentially as possible.

In relation to making a complaint:

- Stage 1 – Frontline resolution, we will always try to resolve the complaint quickly and to the customer's satisfaction wherever we can. This resolution will be provided within five working

days, unless there are exceptional circumstances.

- Stage 2 – Investigation, if you are dissatisfied with the decision at stage 1, the complaint will be investigated, acknowledge in three working days and decision provided as soon as possible but within twenty working days.
- If you are still unhappy after the further investigation and reply you can take the matter up with the Scottish Public Services Ombudsman (SPSO), our reply will include the contact details.
- You should also note that you have the right to raise unresolved concerns with your local councillors, MSP or MP.

PARENTS WELCOME

All East Dunbartonshire Council schools welcome parental involvement, as research has shown that when parents are involved, children do better in school.

At St Nicholas', we believe that parents play a vital role in their child's education. We endeavour to provide a variety of opportunities which allow parents to become involved in school life, whether that is as a member of our PA and/or our Parent Council, parent helper or supporting learning at home.

We place great importance on communication and believe that two-way communication is the best way to ensure we meet the needs of all learners. During each session there are two parents' evenings where you can discuss your child's progress on a 1 to 1 basis with their teacher. In conjunction with ongoing school priorities, Family Learning Sessions are organised to ensure the parent community are part of the whole improvement strategy. As well as whole school performances, each stage regularly leads religious services and masses.

PARENTAL INVOLVEMENT

We aim to have an “open door” approach at St Nicholas’. Please feel free to call or pop in to discuss any issues that arise. The school telephone will take messages out of hours and contact can also be made through the school email. We endeavour to keep the school website up to date with news and important information, as well as highlighting the fantastic work the children are doing through our Twitter and Seesaw accounts. The school uses email regularly and has a text message system so we can contact parents in an emergency and also give reminders of important dates. These messages are also all available through the Xpressions website or app, which can be found at <http://xpressions.groupcall.com/> or in your smartphone store.

Parents’ views are very important and, where appropriate the school asks for feedback regarding policies and procedures within the school.

PARENT COUNCILS

Parent Councils are the formal representative body for parents / carers with children attending school. Parent Councils are different in each school to enable them to meet the needs of parents / carers locally.

Parents are welcomed to be:

- involved and engaged with their child’s education and learning;
- be active participants in the life of the school; and
- express their views on school education generally and work in partnership with their children's schools.

All parents / carers are automatically members of the Parent Forum at their child’s school. As a member of the Parent Forum all parents can expect to

- receive information about the school and its activities;
- hear about what partnership with parents means in our school;
- be invited to be involved in ways and times that suit you;
- identify issues you want the parent council to work on with the school;
- be asked your opinion by the parent council on issues relating to the school and the education it provides;
- work in partnership with staff
- enjoy taking part in the life of the school in whatever way possible.

The Parent Forum decides how their representatives on the Parent Council are chosen and how the Parent Council operates. Parents / carers are encouraged to volunteer or put themselves forward to be chosen as representatives of the Parent Council if they wish.

The main aims of the Parent Council are:

- To support the school in its work with pupils
- To represent the views of parents
- To promote contact between the school, parents, pupils and the community
- To report to the Parent Forum
- To be involved in the appointment of senior promoted staff.

School office staff are happy to pass correspondence to any members of the Parent Council or to our Parent Council Chairperson – Rachael MacDonald.

For more information on parental involvement or to find out about parents as partners in their children's learning, please contact the school or visit the Parentzone website at www.parentzonescotland.gov.uk .

PARENT ASSOCIATION (PA)

The PA is mainly responsible for arranging events for parents and raising funds for the school. Volunteers are welcome – please contact the PA if you want to join. Our Chairperson is Natalie Matheson and can be contacted at natalie.stnicspa@hotmail.com

The Scottish Parent Teacher Council (now known as Connect) is the national organisation for the PTA's in Scotland and runs an independent helpline service for all parents. They can be contacted by phone on 0131 474 6199, or email on info@connect.scot or write to Connect, Mansfield Traquair Centre, 15 Mansfield Place, Edinburgh, EH3 6BB.

PUPIL COUNCIL

Each session pupils from P2 to P7 elect their pupil representatives. These representatives make up the St Nicholas' Pupil Council. The Pupil Council meet regularly to discuss how they can support the local community with school organised events.

In addition to this there is a Junior Management Team who assist the Senior Management Team with the running of the school.

SCHOOL AIMS

Our School Aims are founded on the shared values, hope and ambitions of our whole school community. They take account of the needs of the pupils and reflect the improvement objectives of East Dunbartonshire Council. The school aims to give a framework from which priorities in the School Improvement Plan will be developed.

Priorities outlined in the annual Improvement Plan are intended to make a major contribution to raising standards of achievement and to enhance the ambitions of St Nicholas' Primary School.

EQUAL OPPORTUNITIES AND SOCIAL INCLUSION

In East Dunbartonshire, all children and young persons are entitled to participate fully in a learning community which promotes equality of opportunity and seeks to protect against all forms of discrimination.

The school believes that pupils and staff have the right to learn in a caring and safe environment. Staff will not tolerate any behaviour or attitudes which lead to staff and pupils being humiliated or harmed because of their age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

THE EQUALITY ACT (2010)

The General Equality Duty was created by the Equality Act (2010) and replaces the race, disability and gender equality duties. The duty came into force in April 2011 and covers age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The school is committed to the requirements of the Equality Act (2010) and as such we will have due regard to the need to:

- Eliminate discrimination, harassment and victimisation;
- Advance equality of opportunity between children and young people who share a characteristic and those who do not;

- Foster good relations between different groups.

The school will take cognisance of the Equality and Human Rights Commission's 'Technical guidance for schools in Scotland' in the development of its policy and practice.

Technical guidance for schools in Scotland/EHRC (equalityhumanrights.com)

DEVELOPMENT OF PUPILS' SPIRITUAL, MORAL, CULTURAL AND SOCIAL VALUES

The school is committed to supporting the development of its pupils as whole people and as a result, wishes to encourage their development in spiritual, moral, social and cultural terms.

These key human aspects of learning are supported through the following arrangements by:-

- Creating a school ethos which, in every way possible, gives value to these aspects of development, especially by providing an overall atmosphere that is both caring and challenging and which provides opportunities for the development of personal responsibility.
- Promoting social and moral learning through the way in which disciplinary issues are handled.
- Ensuring that staff and adults within the school provide positive models for pupils.
- Arranging regular gatherings of the school as a community and using such occasions to encourage and reinforce the values on which the school is based.
- Enriching the curriculum in all appropriate areas with an emphasis on spiritual, moral, social and cultural development.
- Providing opportunities within the curriculum to advance personal and social development.
- Providing a programme of religious education in which consideration will be given to responses to basic questions relating to the meaning, value and purpose of human life.
- Providing a programme of moral education.
- Taking every appropriate opportunity to acknowledge, value and appreciate the various cultures and heritage of the pupils and to encourage them to appreciate and value the cultures and heritage of others.

CHILD POVERTY

The impact of poverty can have a significant effect on children's achievement and attainment.

The Cost of the School Day is a national policy to help raise awareness of the financial barriers families with low income can face and how that can negatively impact on children and young people, especially with regards to their mental health and wellbeing.

In school, supports are in place to ensure barriers to accessing learning are removed and equitable access is in place for all, regardless of their family or carer's financial background.

If you have specific concerns, please contact the school to discuss as there are ways in which support can be provided. For example:

School uniform recycle

Assistance with trips/outings

Festivals and fundraising events

THE PROMISE

East Dunbartonshire Council is committed to keeping The Promise and supporting our care experienced learners. The findings of The Independent Care Review (The Promise 2020) and documents produced by The Promise Scotland, including Plan 21-24, Change Programme 1 and individual service briefings, have helped to inform the plan and can be viewed here <https://thepromise.scot> It is crucial that, in order for The Promise to be kept, the calls to action as outlined within The Promise underpin all existing and future plans of support for children, young people and families within East Dunbartonshire.

UNCRC

East Dunbartonshire Council is committed to developing rights-based approaches in all education establishments. A rights-based approach ensures the articles of the convention underpin the ethos of the organisation and all policy and practice is developed under consideration of the United Nations Convention on the Rights of the Child (UNCRC).

Incorporation of the UNCRC Bill 2021 ensures children and young people's rights are integral to every aspect of decision making, policy and practice in our schools and early years centres. Our pupil forum [My Voice My Choice](#) has members from all schools ranging from P6 to S4 year groups. Rights Respecting School Awards are undertaken by all our schools, which encompasses the entire school community.

We aim to:

- Ensure all schools and early years centres have clear guidance on children's rights; what they are and how they will be embedded in the life of the school/centre
- Support establishments working with children and young people to develop a positive and inclusive ethos and culture
- Ensure provision of information, training, advice and support to those working with children and young people as well as their parents or carers
- Provide leadership and ensure accountability through systematic monitoring and review of data
- Support effective partnership working across agencies to further the rights and wellbeing of children and young people

PUPIL CONDUCT

A partnership between the school and parents is required in order to ensure the best possible standards of pupil conduct.

Pupils are expected to set themselves high standards in appearance and behaviour. School rules have been devised to encourage the maximum amount of self-discipline. The rules themselves are relatively simple and few in number to allow for the smooth running of the school. The general aim

is to produce an atmosphere of friendly co-operation, encouraging respect and consideration for other persons and for property.

SCHOOL DISCIPLINE

The relationship between pupils and teacher is similar to that between the child and his/her own parents requiring mutual consideration on both sides.

Children are encouraged to make good choices; however, at times children need reminding of what good choices are and the consequence of making the wrong choice. In general, this is something that school staff deal with but on occasion where it is felt appropriate, parents are involved in this discussion.

CURRICULUM FOR EXCELLENCE

The values, purposes and principles of the 3-18 curriculum in Scotland are set out in A Curriculum for Excellence. The curriculum aims to support children and young people to maximise their potential across four capacities to become successful learners, confident individuals, responsible citizens and effective contributors.

Curriculum for Excellence develops skills for learning, life and work, bringing real life into the classroom, making learning relevant and helping young people apply lessons to their life beyond the classroom. It links knowledge in one subject area to another, helping children to make connections in their learning. It develops skills which can enable children to think for themselves, make sound judgements, challenge, enquire and find solutions.

Curriculum for Excellence balances the importance of knowledge and skills. Every child is entitled to a broad and deep general education, whatever their level and ability. All teachers are responsible for the development of literacy, numeracy and health and wellbeing.

OPPORTUNITIES FOR ALL

Within St Nicholas' Primary School we ensure that pupils develop skills for learning, life and work by providing opportunities for children to acquire transferable skills that will allow them to gain skills for their future. Literacy, Numeracy and Health and Wellbeing are at the core of all learning experiences.

Please contact the Head Teacher if you would like any further information about the curriculum within our school.

CURRICULUM

The curriculum can best be described as all the activities that are designed to promote the intellectual, spiritual, personal, social and physical development of the child.

At present it can be divided into the following main areas:

Literacy and English

Technologies

Sciences

Health and Wellbeing

Mathematics & Numeracy

Social Studies

Religious and Moral Education (RME)

Expressive Arts – Art & Design, Drama, Dance and Music

Planning for improvement in these areas of the curriculum is detailed within the school's Improvement Plan.

Literacy and English

Language is at the heart of children's learning; it is central to their intellectual, emotional and social development. We aim to provide children with structured and stimulating opportunities, to use language in ways appropriate to their needs and to the world in which they live.

High priority is placed upon developing in the children the ability to use Literacy and English appropriately and concisely through listening attentively, talking fluently, reading with understanding, and writing with style and accuracy.

English as an Additional Language Service

We are fortunate to have many pupils in our school who are bilingual, which is they speak two or more languages. We seek to encourage the bilingual pupils to use and develop their first language as much as possible as we know it supports their learning and enriches and strengthens the school.

Modern Languages

The children begin learning a Modern Language at the start of Primary 1 with the introduction of French. The teachers involved in Modern Languages teaching have all participated in the National Training Programme. In the course of their training, they are provided with a package of learning and teaching materials which form the basis of lessons for the children.

Throughout the course of Primary 1 to Primary 7, the children are taught to communicate in French through the spoken and written word and taught skills and strategies which will prepare them for future language needs.

Numeracy and Mathematics

This area of the curriculum involves the children in number work, money, measurement, shape, position and movement, information handling and problem solving.

Through the Numeracy Programme we introduce children to increasingly complex mathematical ideas. Alongside this programme, teachers give strong emphasis to mental calculation. The children are actively involved in their learning and are given practical material and equipment to help their understanding.

In addition to the above, mathematical activities arising from their work in other areas of the curriculum help to communicate to the children the idea that mathematics, like English Language, is relevant to everyday living. Children are given opportunities to apply and practise their skills in realistic and problem solving situations through an active approach to learning.

Technologies

There are a whole range of technologies involved in information processing and electronic communications, including the Internet, electronic mail and video conferencing.

Learning and teaching of information and communications technology aims to develop the children's abilities so that they become skilled, confident and informed users of ICT. To this end, a programme of work linked closely to children's learning across the curriculum is implemented at each stage of the school. This programme allows for the progressive development of skills in word processing, databases, spreadsheets and graphics. Children are also involved through a programme of activities in designing, building and evaluating in various contexts.

Social Studies

The units of work which children undertake in this area of the curriculum aim to develop their knowledge and understanding in History, Geography and Modern Studies.

As children develop, their experience is extended to cover distant places not only in space but in time. Certain units of work also allow for the development of a multi-cultural dimension. As well as fostering knowledge and understanding of the children's own cultural heritage, we take seriously

our responsibility to prepare them for life in a society where cultural diversity is recognised and respected.

Sciences

Science and its applications are part of our everyday lives. Through science children develop their interest in, and understanding of, the living, material and physical world. They engage in a wide range of collaborative investigative tasks, which allows them to develop important skills.

Skills, knowledge and understanding are developed progressively through: Planet Earth, Forces, electricity and waves, Biological systems, Materials and Topical Science.

Where possible, connections are made with other areas of the curriculum to reinforce understanding and skills.

Expressive Arts

Music, Drama, Art & Design and Dance occupy an important place in the school curriculum. Such activities help children to explore the world and interpret it in a distinctive way. They have a valuable contribution to make to children's physical, emotional, intellectual and social development.

In addition to the on-going work undertaken by class teachers, children's experiences may be enhanced by the input of specialist teachers. At present visiting members of staff provide violin and brass tuition for a number of children in the upper school.

Health and Wellbeing

The school programme for Personal, Social, Health Education and Physical Education aims to offer children opportunities to develop awareness of themselves and others and to increase their knowledge and understanding of a range of lifestyles and health issues. In addition to the time in the week devoted to Personal, Social and Health Education, children's physical, emotional and social health is furthered by making use of learning opportunities which arise in other areas of the curriculum. We aim to provide children with 2 hours of Physical Education per week covering a whole range of activities and experiences further enhanced by experiences provided by our Active Primary Co-ordinator and SFA coaching.

Commitment is also given to ensuring that the school ethos, policies and extra-curricular activities have a positive impact on children's physical environment and on their emotional and social health. We have an extensive programme of other school activities which is continually changing to respond to the needs of the children.

GOD'S LOVING PLAN

God's Loving Plan provides guidance to Primary school teachers on how children can be helped to develop healthy and respectful attitudes to their bodies and to relationships with families and friends. This important resource connects children's learning about who they are and how they relate to others, to their learning about God and their relationship in faith. It helps children understand how love can be at the heart of their lives and what the Church's vision is of Marriage as the ultimate expression of love between man and woman.

In using this resource, teachers are encouraged to work closely with parents and carers to ensure that young people are supported as they grow, particularly when coming to deal with the physical and emotional impact of puberty. Good communication between home and school is encouraged to ensure that the more intimate aspects of children's growth are dealt with sensitively and skilfully by parents and teachers working together.

The detailed planning framework in God's Loving Plan connects learning in Religious Education (RERC) to aspects of Health and Wellbeing (H&W/B) taught from Primary 1 to Primary 7. This learning is organised under four themes, dealing with God as the source of all life who is delighted when we use our unique talents (including our bodies) for good, who call us to be loving people and who guides us to make choices that are good and responsible.

RELIGIOUS INSTRUCTION AND OBSERVANCE

Parents who wish to exercise their right to withdraw their child from religious instruction and / or observance should contact the Head Teacher, in writing, and alternative arrangements will be made for your child.

EXTRA CURRICULAR ACTIVITIES

Throughout the sessions we endeavour to work with the local wider community to provide a variety of after school clubs.

We also work with Active Schools to provide joint extracurricular activities with nearby schools.

As well as in-house extracurricular activities some extracurricular activities occur off site. Parents will be notified in advance and permission sought for all concerned. EDC Excursion Insurance Cover can be found in the Appendices.

Parents are encouraged to contact the school with any queries well before any excursion occurs and to attend any parents evenings regarding the trips.

ASSESSMENT

Assessment is an important part of the education process. Our class teachers ensure that all our pupils make progress at their own rate of learning, and will provide appropriate teaching for each child across all areas of the primary curriculum. In order to assess this progress, class teachers carry out a programme of continuous assessment which may involve informal/formal testing included in regular class routines and programmes of work.

Every child in P1, P4 and P7 will undertake national standardised assessments (SNSA) covering some aspects of reading, writing and working with numbers. For further information, please refer to 'Assessment within East Dunbartonshire Schools' which can be obtained upon request.

In St Nicholas' Primary there are two formal opportunities for parents to have a 1 to 1 conversation with the class teacher. These usually occur in October and March. Unfortunately, due to current restrictions, these have been replaced by 1 tracking report which provides up to date information on your child's progress. This will be kept under review. There is also a written report for all children Primary 1 to Primary 7, which highlights the child's progress in all areas of the curriculum and their next steps in learning. P1 – P7 reports are issued in June.

LIAISING WITH AND INVOLVING PARENTS IN THEIR CHILD'S EDUCATION

The Education Service is keen to ensure that it involves all parents appropriately and sensitively in their child's education. Under Education Law, "parents" include:

- Non-resident parents who are liable to maintain or have parental responsibilities in respect of a child;
- Carers who can be parents;
- Foster carers, relatives and friends who are caring for children under supervision arrangements;
- Close relatives, such as siblings or grandparents caring for children who are not "looked after and accommodated" by the local authority or are under home supervision (looked after) arrangements.

Everyone who is a "parent" (under Education Law) has the right to receive advice and information about their child's education and take part in activities.

The Education Service will treat all parents equally. The exception to this is where there is a court order limiting an individual's exercise of parental rights and responsibilities.

Schools collect information about a child's family circumstances on an annual basis. Where family circumstances change during a school session, it is important that parents inform their child's school of these changes.

Further information about how the Education Service seeks to work with parents is available in the publication *Schools, "Parents" and "Parental Responsibility": A briefing paper for schools and education support services under the management of East Dunbartonshire Council (2007)*.

This publication is available from schools or the Chief Education Officer who can be contacted at:

East Dunbartonshire Council

REGISTRATION AND ENROLMENT

Information on new school entrants can be found on the council's website, www.eastdunbarton.gov.uk. Enrolment is in November each year. Pupils should be registered in only one school for their catchment area. Information about the school, can be found on the school website, www.st-nicholas.e-dunbarton.sch.uk. Parents who want to send their child to a school other than the catchment school must make a placing request. Parents of pupils who have moved into the catchment area or, who wish their child to transfer to the school, should contact sharedservices.education@eastdunbarton.gov.uk

Before leaving an Early Learning & Childcare Centre, a transfer of information record for each child will be prepared by Early Year's staff to ensure a smooth transition and continuity of education for the child transferring to primary.

PRIMARY SCHOOL ADMISSIONS

When commencing Primary 1 education, your child will normally attend the local denominational or non-denominational Primary school (regardless of religion) and transfer from it, after Primary 7, to its associated Secondary school. Details of the catchment areas and boundaries can be obtained from Shared Services – Education by emailing sharedservices.education@eastdunbarton.gov.uk or calling 0300 123 4510.

Enrolment dates will be set by the Education Service and the enrolment should be completed in November prior to the start of term in August. The authority will provide information on enrolments on the website, in the local press and early years centres advertising the date(s) for registration. Parents are asked to provide the relevant birth certificate(s) and proof of residency when enrolling their child(ren).

You are still required to enrol your child(ren) at your catchment school even if you do not wish him/her to attend that school.

You are still required to enrol your child(ren) at your catchment school even if you are also applying to defer their entry and take up an additional year of early learning and childcare.

Enrolment dates will be available through the East Dunbartonshire Council website at www.eastdunbarton.gov.uk.

Children eligible for enrolment are those whose 5th birthday falls between 1st March and the end of February the following year.

SECONDARY SCHOOL ADMISSIONS

Transfer information will be issued to Primary 7 parents in November each year. The registration application must be completed for all P7 catchment children in order for them to be included in the secondary school numbers for August. The registration form can be found on the East Dunbartonshire Council website at www.eastdunbarton.gov.uk

If you wish your child to attend a secondary school other than the catchment denominational or non-denominational secondary school(s) for your home address, you will be required to make a Placing Request as detailed in the Placing Request section below.

You do not need to submit a Placing Request if you want your child to transfer from a non-denominational secondary school or vice-versa at the primary to secondary transfer stage, as long as the intended secondary school is still the catchment school for your home address. Parents of children who are planning to change from denominational to non-denominational or vice-versa between primary and secondary school should ensure that both the primary school and the intended secondary school know what is to happen.

ASSOCIATED SECONDARY SCHOOLS

The associated secondary schools for children in St Nicholas' Primary are:

Turnbull High School, St Mary's Road, Bishopbriggs G64 2EF
Telephone No: 0141 955 2393

PLACING REQUESTS

As a parent, you have the right to make a Placing Request for your child(ren) to be educated in a school other than the catchment school. Applications for Primary and Secondary Placing Requests to commence school in August will be considered following the application process detailed on the Placing Request section of the East Dunbartonshire Council website.

Every effort will be made to try to meet parental wishes, but you should note that it is not always possible to grant every Placing Request to a particular school. You should also note that a successful Placing Request for one child does not guarantee a successful one for another child. It may be, therefore, that a parent could end up with children at different schools.

Primary 1 children must also be enrolled at their catchment school using the registration process detailed on the East Dunbartonshire Council website whilst awaiting the outcome of their Placing Request Application. If the Placing Request is granted, the child's enrolment at the catchment school will automatically be withdrawn by the Education Service.

Placing requests can only be approved when there are sufficient places remaining in the class after all catchment area children have enrolled and if staffing and accommodation at the school are able to meet the numbers of Placing Requests at that school. The Education Service can also reserve

places in a class for future catchment pupils they expect to move into the area in the following school year.

If more Placing Requests are made for admission to a particular school than places available, these Requests will be prioritised according to East Dunbartonshire Council's Admissions Policy and requests accepted and refused accordingly.

Your Placing Request will be considered against a set of criteria which is set out in the Council's priorities for admission. Further information is available on the East Dunbartonshire Council Website.

Any Placing Requests received after the 15th March for Primary and Secondary will not be considered in the first round of Placing Requests. Parents/Carers will be notified of the outcome of their request within 2 months of receipt of your Placing Request.

As soon as a decision has been made, you will be notified of the result. If your Placing Request is successful, you will be asked to contact the school to establish arrangements for enrolment.

Parents should note that in cases where your child is currently in attendance at a primary school as a result of a successful placing request, there will be the need for a further request to be made to transfer to the secondary school associated with the primary school. Parents should, however, be aware there is no guarantee that any such request will be successful and therefore contact should be made with your local secondary school to inform them of your intention to request a place in a school of your choice. Parents are requested to contact the education office to clarify this position if they are unsure.

MID SESSION TRANSFERS

You may make a Placing Request at any time during a school session. If your child is experiencing problems at school, you are advised to discuss the matter with the Head Teacher prior to making a Placing Request. Completing the application form does not guarantee a place for your child at your chosen school. Your Placing Request will only be granted if there are surplus places available at the school.

TRANSPORT FOR PLACING REQUESTS

If a Placing Request is successful, parents will be responsible for the safety and transportation costs of their child to and from their chosen school.

SUPPORT FOR PUPILS

In East Dunbartonshire Council we have our Including Every Learner Policies – *Promoting positive relationships and managing behaviour that challenges* and *Policy and provision for children and young people with additional support needs*. These documents offer guidance and policy on ensuring the needs of all learners in our schools and early years centres are met.

Guiding Principles

- Presumption of mainstream includes a structure of universal and targeted support. This offers flexible access to both specialist support and mainstream schooling according to individual needs through a continuum of additional support needs provision
- Local, integrated and streamlined processes of assessment and decision making in full collaboration with learners and their families
- Increasing the capacity of staff to meet the needs of a broad range of learners at all levels of the continuum of support through Career Long Professional Learning (CLPL)
- Equity of access to Curriculum for Excellence through adaptations to the curriculum and learning environment to better meet the needs of all

Universal and Targeted Levels of Support:

Universal and targeted planning for children and young people should be proactive and solution focussed. A whole school and classroom ethos and culture should include strategies that support all children.

Provision across all establishments focuses on developing and supporting the whole child and this includes having: safe and nurturing environments; strong relationships; an ethos of inclusion; emphasis on care and welfare; breadth of experience; and partnership working.

The curriculum within all early year's centres, primary and secondary schools is focused on providing a meaningful, engaging and challenging experience for all learners. The curriculum in all sectors is based on the underlying principles of Curriculum for Excellence, which sets out an entitlement to access:

- A coherent curriculum from 3 to 18;
- A broad general education to the end of S3;
- A senior phase including qualifications;
- Opportunities for skills for life, learning and work with a focus on literacy, numeracy and health and wellbeing;
- Personal support to enable learners to gain as much as possible from the opportunities of Curriculum for Excellence; and
- Support in moving to a positive and sustained destination beyond school.

Additional resources provided within the mainstream context offer a high level of support for learners with additional support needs. This ensures appropriate learning pathways are mapped out addressing the entitlements of Curriculum for Excellence and linked to the agenda for Developing the Young Workforce. Education for learners can be provided as a blend of activity through access to mainstream classes or day-to-day activities that the school community is engaged in such as assemblies, celebrations, charity events etc. A core element of this provision focuses on literacy, numeracy, and health and wellbeing with targets being set as part of each action plan and reviewed in accordance with guidelines.

The majority of learners with additional support needs are educated within one of the mainstream early year's centres, primary or secondary schools. If a learner is identified as having additional support needs then a rigorous process of assessment, planning and support is put into place.

There are a number of resources which mainstream schools and early years centres can draw on to meet learners' needs. For example, every establishment has an Autism Adviser who is an

established member of the teaching staff who is provided with training and ongoing support from a multi-agency team - led by educational psychology and a member of the ASN team. While every establishment will use their Autism Adviser differently, it is expected that they will provide support for learners with additional support needs in the areas of language and social communication including those diagnosed with autism. The role of the Autism Adviser may include: sharing training materials with staff, facilitating training, supporting communication to parents/carers; planning for establishment's Autism Acceptance Week; and supporting individual staff members using existing school/early years centres structures (e.g. Pupil Support Group/Support for All Group).

The Council aim is for all school staff to be nurture informed, and for all teachers and support for learning assistants to be nurture skilled. In addition, education staff who provide targeted support or intervention for learners will be trained to enhanced level in nurture.

Consideration is given to assessment of a child's wellbeing, and any barriers to learning, including social and communication issues. Identification of a child's barriers to learning supports the planning process for the child including simple adaptations or changes to the learning context. For example, a child may be offered access to small group work, a sensory area to support specific learning needs, or language and communication friendly approaches can be incorporated into the environment.

Every secondary school has a suite of resources including a Guidance staff team, an ASN Hub, Wellbeing Support Resource and Support for Learning Department to support learners and meet their wellbeing needs.

Some learners may need additional support to that provided at universal level, and Early Years Centre staff may conduct a more detailed wellbeing assessment with a focus on all wellbeing indicators (Safe, Healthy, Achieving, Nurtured, Active, Respected, Responsible and Included). This level is termed targeted support – in this case, staff develop an Action Plan which contains succinct, individualised and time limited targets that specify work to be done both by Early Years Centre staff and any other supports from professionals within the education department, such as the educational psychologist or outreach teacher. Some learners require further support from agencies out-with education, such as Speech and Language Therapists or assessment by a Community Paediatrician. The identified agencies may agree to provide specific assessment reports and support for a period of time, and this would be set out in an action plan.

Targeted Intervention Tier 2 provision:

Education staff have an excellent understanding of their learners, any barriers to learning and how to support them. They provide individual educational programmes designed to meet their specific needs and are continually looking at ways to develop practice to improve outcomes. This cycle of planning, review and evaluation is likely to include strong partnership working with a range of more specialised services which can provide advice and targeted support as necessary.

Some learners benefit from a timetable that offers a combination of access to specialist support and mainstream. This type of support is offered from primary to secondary stages. The balance of mainstream to specialist support is based entirely on the assessment of the profile of learning needs.

East Dunbartonshire Council has a continuum of support for learners requiring targeted support, these are reviewed and planned for each individual alongside professionals, parents/carers and the child/young person themselves – TAC (Team Around the Child).

Learners who may require to additional resources could be experiencing:

- specific language difficulties (expressive or receptive)
- difficulties in the area of social communication
- significant difficulties with focus and attention
- significant learning needs
- self-regulation and self-care needs

For some learners, additional support is required from other specialist resources which offer outreach support. Requests for outreach to support the child within their mainstream school are made to the Locality Liaison Groups (LLGs). There are two LLGs - one for the localities of Bearsden, Milngavie and Bishopbriggs and another for the localities of Lenzie and Kirkintilloch. The purpose of the LLG is to allocate outreach services to support current placements in mainstream.

Outreach support involves a specialist teacher becoming involved with a learner for a time-limited period. The process of outreach generally involves observation of the learner within the education setting and consultation with the learner, parents/carers and professionals involved. Outcomes of this process include the identification of changes to the learning environment and learning and teaching approaches which will enhance the learner's ability to access the curriculum. The underlying approach is that the outreach service should support establishments in developing their capacity to meet learner needs. This should be effective and sustainable in supporting inclusion in mainstream provision.

Targeted Intervention Tier 3 provision:

Learners who have support needs that require a higher level of support in provision that offers a much higher ratio of staff to learners and highly specialised teaching approaches. This is termed targeted intervention and is offered in Tier 3 establishments. Learners who attend primary and secondary school (Tier 2 or 3) placement are referred to the GIRFEC Liaison Group (GLG).

The GLG is the decision-making forum for all specialist placements.

East Dunbartonshire Council's policies, procedures and practices relating to children and young people with additional support needs are in line with the Education (Additional Support for Learning) (Scotland) Act 2004 which place duties on education authorities and provide rights for parents of children with additional support needs and young people with additional support needs.

The Education (Additional Support for Learning) Act 2004/2009 places duties on local authorities to provide access to independent mediation for resolving disputes with parents and carers of children and young people with additional support needs when or if they arise. East Dunbartonshire Council uses Resolve Scotland. For further information go to www.resolvemediation.org.uk

Advocacy

Parents/carers and eligible children/young persons also have the right to have a supporter or an advocate to present their case at any meeting with the school or Education Authority, in relation to

the exercise of the Education Authority's functions under the Education (Additional Support for Learning) (Scotland) Act 2004.

My Rights My Say

Enquire: www.enquire.org.uk 0845 123 2303

Take Note: National Advocacy Service for Additional Support Needs (Barnardo's in association with the Scottish Child Law Centre) www.sclc.org.uk, 0131 667 6633.

SUPPORTING FAMILIES SERVICE

The core purpose of this service is to provide support to families in developing their skills and confidence in their parenting and to provide services to children to enhance their development and learning. Examples of the services available include group parenting workshops, bespoke 1 to 1 support and advice. Services also include a play scheme for children and young people with additional support needs as well as our Snack and Play holiday programmes for children who meet certain criteria. If you wish to find out more about any of the services please contact the team by emailing: parenting@eastdunbarton.gov.uk A member of the team will be in touch.

PROTECTING CHILDREN AND YOUNG PEOPLE

In 2021, the National Child Protection Guidance was updated to adopt a strengths-based approach incorporating children's views and ensuring effective collaboration with families.

The guidance embeds the UNCRC, the Promise and principles of GIRFEC as part of the continuum of preventative and protective support.

“Abuse and neglect are forms of maltreatment. Abuse or neglect may involve inflicting harm or failing to act to prevent harm. Children may be maltreated at home; within a family or peer network; in care placements; institutions or community settings; and in the online and digital environment. Those responsible may be previously unknown or familiar, or in positions of trust. They may be family members. Children may be harmed pre-birth, for instance by domestic abuse of a mother or through parental alcohol and drug use”.

(National Child Protection Guidance, 2021, p.12)

Within East Dunbartonshire, all adults have a shared responsibility to keep children and young people safe and as far as possible, protection from abuse, neglect, and exploitation. Children need support to keep themselves safe. Adults and professionals must work together with families and carers to enable children and young people to grow up in a safe and secure environment. The Child Protection officer in school will be either the head teacher or depute head teacher and there are clear processes in place to enable practitioners, or others to report any aspect of suspected abuse or maltreatment.

Education staff are required to assist in the protection of children by:

- Creating and maintaining a positive and caring ethos
- Developing health and personal safety programmes
- Being observant of children’s needs, views and concerns
- Reporting and recording concerns about the welfare or safety of children
- Monitoring and supporting children in co-operation with relevant professionals, parents and carers.

Education staff cannot keep secret any allegations or concerns about child abuse, even if a child or adult request this. Information or concerns that a child may be at risk of harm must be passed on in order to protect the child. Staff will treat the matter sensitively, and information will only be passed to those who need to know in order to protect and support the child.

If parents or others have concerns for any child, they can speak to the Head Teacher about this. They can also contact social work services and/or the police.

When a member of staff, a child or another individual provides information and the Head Teacher considers that there is a possibility that a child has been harmed or is at risk of harm, the Head Teacher is required to immediately contact social work services to discuss the circumstances and agree the immediate action to be taken. School staff are then required to co-operate with any subsequent enquiries or support plans.

Every education establishment or service has copies of the East Dunbartonshire Council Child Protection Procedures and Guidance. These are available for reference from Mrs Grogan.

SPECIALIST SUPPORT SERVICE

The Additional Support for Learning Team makes provision for children and young people who have a range of additional support needs. The service comprises of teachers who work in the pre-5, special, primary and secondary sectors. Staff in the team work in partnership with staff in the

establishments to plan and deliver an appropriate curriculum. The service also provides staff development and advice on resources.

The teams support the additional needs of:

- children with a significant hearing and or visual impairment;
- bilingual learners who are at early stages of learning spoken English;
- looked after and accommodated children and young people who are experiencing difficulties in school;
- children who have language and communication difficulties
- children who have social, emotional or behaviour needs
- children at early stages of primary school who have a developmental coordination disorder along with attention difficulties;
- young people who attend special provision units; and
- pre-5 children who have been identified as having significant support needs.

Within St Nicholas' Primary, we have established a Pupil Support Group. This group involves professionals from Health, Educational Psychology & Social Work meeting regularly to discuss individual children and the best way to support their needs in and out of school.

Parents who are concerned about any aspect of their child's learning should contact the Head teacher or Depute Head teachers to discuss this further.

PROMOTING WELLBEING, PROTECTING AND SAFEGUARDING

The Scottish Government introduced Getting it Right for Every Child (*GIRFEC*) as a programme of change, reaching across all children and adult services in the public and voluntary sectors in Scotland, to achieve better futures for all of our children, young people and their families. It builds from universal health and education services and drives the developments that will improve outcomes for all children and young people.

We want all our children and young people to be fully supported as they grow and develop into successful learners, confident individuals, effective contributors and responsible citizens. We believe they should be: Safe, Healthy, Active, Nurtured, Achieving, Respected, Responsible and Included. These are the eight indicators of wellbeing.

The *Getting It Right* approach is about how practitioners across all services for children and adults meet the needs of children and young people, working together where necessary to ensure they reach their full potential. This approach, based on the United Nations Convention for the Rights of the Child, is:

- Child focussed, ensuring that the child and family are at the heart of decisions and supports;
- Based on a holistic understanding of wellbeing;
- Early interventionist to tackle needs as soon as they appear; and
- Joined up, to ensure services work together.

It is the entitlement of every child to be supported throughout their education. The *Wellbeing Pathway* provides a continuum of support from universal to targeted and ensures practice is underpinned by a shared understanding of wellbeing and in the dignity and worth of every individual child/young person.

Teachers plan experiences and assess progress in learning, and for most children this is sufficient. From time to time, however, approximately one fifth of learners may experience developmental or environmental difficulties which impact on their ability to learn. For most, modifications can minimise the impact of such difficulties and learning can proceed. These modifications are described as differentiation and in most cases teachers will differentiate as part of normal teaching and learning, without the need for intervention from promoted staff.

Within East Dunbartonshire schools, teachers employ the following model to provide a clear, structured pathway for learners.

- Modifying Content – use of learning materials at different levels
- Modifying Process – varying the length of time children take to complete a task
- Modifying Product – giving children choice in how to express ideas or required learning
- Modifying Learning Environment – giving children areas to work which suit their learning styles

Staff record differentiated approaches in their short and long term plans and ensure that the results of differentiation are clearly documented within evaluations of teaching and learning.

Where intended progress does not take place, the child/young person's needs are considered within the next stage of the Wellbeing Pathway, Targeted Support.

When a wellbeing concern has been brought to their attention, the pupil support coordinator will consider the following questions in relation to the eight wellbeing indicators:

- What is getting in the way of this child or young person's wellbeing?
- Do I have all the information I need to help this child or young person?
- What can I do to help this child or young person?
- What can my agency do to help this child or young person?
- What additional help, if any, may be needed from others?

All pupils who are considered for Targeted Support, access this through their Pupil Support or Support for All Group. This ensures that staff comply with duties in CYP Act 2014 and ASL Act 2004, 2009.

All assessments to determine the need for Targeted Support fully involve the views of the child and parents.

CHILD PROTECTION AND SAFEGUARDING

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting, or by failing to act to prevent, significant harm to the child. Children may be abused in a family or in an institutional setting, by those known to them or, more rarely, by a stranger. Child protection means protecting a child from child abuse or neglect. If a child's wellbeing is considered to be at risk, relevant information must always be shared. It is our public responsibility to protect children. Anyone who suspects child abuse or neglect should contact East Dunbartonshire Council Social Work Advice and Response on 0141-777 3000, or the Police. Each school has a designated Child Protection Coordinator, who will work with other professionals, children and where appropriate, families to safeguard children. The name of the Child Protection Coordinator should be displayed prominently within the school.

RAISING ATTAINMENT

Monitoring performance and using the resulting information to secure improvement is an important part of the work of Head Teachers, school staff and officers within Education Services.

STANDARDS AND QUALITY REPORT

Every year each school publishes a Standards and Quality report which highlights the school's major achievements, which can be found at the following link - <http://www.st-nicholas.e-dunbarton.sch.uk/school-info/improvement-plans/>

SCHOOL IMPROVEMENT PLAN

Each session at St Nicholas' Primary School, we will liaise with a variety of stakeholders to identify priorities for the following year. This is then illustrated within our School Improvement Plan which can be found on the school website.

THE ScotXed PROGRAMME

Education Authorities, the Scottish Government and its partners have, for many years, collected information about pupils on paper forms. The information is now transferred electronically through the ScotXed programme.

The following explanation has been provided directly by ScotXed:

Transferring Educational Data About Pupils

The Scottish Government and its partners collect and use information about pupils in schools (e.g. the number and characteristics of pupils, their attendance, absence and exclusions, their attainment and their destination when leaving school) to help to improve education across Scotland. This note explains why we need this information, how we use it and what we do to protect the information supplied to us.

Why do we need your data?

In order to make the best decisions about how to improve our education service, Scottish Government, education authorities and other partners such as the SQA and Skills Development Scotland need accurate, up-to-date data about our pupils. We are keen to help all our pupils do well in all aspects of school life and achieve better examination results. Accurate and up-to-date data allows us to:

- plan and deliver better policies for the benefit of all pupils
- plan and deliver better policies for the benefit of specific groups of pupils
- better understand some of the factors which influence pupil attainment and achievement
- share good practice
- target resources better
- enhance the quality of research to improve the lives of young people in Scotland

Data policy

Information about pupils' education is collected through our statistical surveys in partnership between the Scottish Government and Local Authorities through the ScotXed Programme which aims to help schools and Local Authorities by supporting efficient collection, processing and dissemination of statistical information. The Scottish Government then provides analysis of the data to support research, planning, management and monitoring of education services as well as to produce National Statistics publications.

Education data within Scottish Government is managed effectively by secure systems and is exploited as a valuable corporate resource, subject to confidentiality restraints. As part of its data

policy, Scottish Government will not publish or make publicly available any information that allows individual pupils to be identified, nor will data be used by Scottish Government to take any actions in respect of individuals. Data is held securely and no information on individual pupils can or would be made publicly available by Scottish Government.

The individual data about pupils in schools collected by Scottish Government through statistical surveys is used only for the statistical and research purposes for which it is collected.

Your data protection rights

The collection, transfer, processing and sharing of ScotXed data is done in accordance with the Data Protection Act (2018). We also comply with the National Statistics Code of Practice requirements and other legislation related to safeguarding the confidentiality of data. The Data Protection Act gives you the right to know how we will use your data. This note can give only a brief description of how we use data. Fuller details of each individual ScotXed survey, including the purpose of each and the published data, can be found on the ScotXed website (<http://www.gov.scot/Topics/Statistics/ScotXed>). Pupil names and addresses (other than postcode) are never collected in any ScotXed statistical survey.

Scottish Government works with a range of partners including Education Scotland, Skills Development Scotland and the SQA. On occasion, in order to help meet our aim of improving the life of young people in Scotland, we may make individual data available to partners such as the National Registers of Scotland to carry out research relating to the national population census and also academic institutions and organisations to carry out additional research and statistical analysis which helps inform policy development and contributes to improving outcomes for Scotland's people. In order to carry out this research to support better decisions, policy making and practice, data may be linked to information from other sources.

Any sharing or linkage of data will be done under the strict control of Scottish Government, and will be consistent with our data policy and the National Data Linkage Guiding Principles. This will ensure that no individual level data will be made public as a result of the data sharing and that this data will not be used to take any actions in respect of an individual. Decisions on the sharing or linkage of data will be taken in consultation with relevant colleagues and individuals within and outwith Scottish Government. At all times pupils' rights under the Data Protection Act and other relevant legislation will be ensured.

Concerns

If you have any concerns about the ScotXed data collections you can email the Head of Schools Analysis, Mick Wilson, at mick.wilson@scotland.gsi.gov.uk or write to Education Analytical Services, Area 2D, Victoria Quay, Leith, EH6 6QQ.

SCHOOL UNIFORM

It is the policy of the Education Committee to encourage pupils to wear an acceptable form of school dress as determined by Head Teachers, Parent Councils and parents. In encouraging the wearing of school dress, account must be taken of any proposals to prevent any direct or indirect discrimination on the grounds of race or gender. Any proposal will be the subject of widespread consultation with parents and pupils.

Parents are asked to co-operate with the school in encouraging the wearing of the school uniform.

The uniform was agreed in consultation with parents, pupils, staff and the Parent Council. It incorporates a range of popular items of dress, e.g. sweatshirts, T-shirts.

Wearing school uniform contributes to a positive school ethos and helps avoid discrimination and reduces peer pressure to wear expensive designer clothing.

The school uniform worn by children in St Nicholas' Primary is as follows:

- Green blazer/fleece/jacket
- Green jumper/cardigan
- White shirt/blouse and school tie or white polo shirt
- Grey skirt/pinafore or green gingham dress
- Grey trousers/shorts
- Indoor shoes

We also have a P.E. uniform which consists of:

- Green jumper/cardigan
- White polo shirt
- Green or black jogging trousers/shorts/skort

The suppliers for our school uniform are:

Baru - www.kitmykid.co.uk/St-Nicholas-Primary-Bearsden/

My Clothing – <https://myclothing.com/st-nicholas-primary-school/18759.school>

Marks and Spencer - <https://www.mandsyourschooluniform.com/scotland/st-nicholas-primary/>

A school's reputation can also be enhanced in the local community by the wearing of school uniform and school security will be improved as it will be easier to identify intruders.

The appropriate clothing and footwear for PE is a T-shirt, shorts and gym shoes with non-marking soles. These are necessary for health and safety reasons and your co-operation is requested to ensure that pupils are equipped to participate in the PE lessons. – please note there is a requirement that all jewellery is removed prior to undertaking physical education activities.

Please ensure that all items of clothing are clearly labelled, particularly ties, sweatshirts and PE kit which are often lost. A protective apron or an old shirt should be worn for art and craft activities. Please help the school and the education authority by making sure that pupils do not bring valuable or expensive items of clothing to school.

Offensive clothing such as T-shirts or other items painted with obscene language or illustrations are not permitted. Football colours are also inappropriate as they can lead to incidents of rivalry.

Under no circumstances will pupils be deprived of any educational benefit as a result of not wearing uniform and, in particular, pupils will not be denied access to examinations as a result of not wearing school dress.

Parents are asked to assist by ensuring that valuable items and unnecessarily expensive items of clothing are not brought to school.

Some families may be eligible for school clothing grant and free school meals. Information on criteria and the application form for this can be found at www.eastdunbarton.gov.uk under School Clothing Grants and Free School Meals.

Approval of any requests for such grants made by parents in different circumstances is at the discretion of the Chief Education Officer.

If you have any queries regarding the school's dress code, please contact the Head Teacher.

SCHOOL MEALS

We know that maintaining a healthy diet is linked to a happy and active lifestyle. By eating a school meal provided by East Dunbartonshire Council's School Meals Service your child is guaranteed a balanced nutritious meal to keep them healthy and alert throughout the school day.

The meals are freshly cooked on a daily basis by our skilled staff who care about food and your child's wellbeing. Our staff will help your child to make balanced choices. The meals meet the Scottish Government's nutritional regulations.

Any Special diets or allergies should be discussed with the school.

Meal prices are reviewed annually. Please contact the School to be advised of the current price.

Free School Meals

From January 2022 all P1-P5 pupils are entitled to a Free School Meal. This is universal and in line with the Scottish Government Guidelines.

Some families may also be eligible for school clothing grant and free school meals. Information on eligibility criteria and the application form for this can be found at www.eastdunbarton.gov.uk under School Clothing Grants and Free School Meals.

TRANSPORT

(a) General

It is a parents' responsibility to ensure their child arrives at school and returns home from school in a safe and responsible manner. In order to assist parents in getting their child of school age to school safely and on time, the Education Authority has a policy of providing free transport to primary pupils who live one mile or more from their catchment primary school by the recognised shortest walking route. This policy is more generous than the law requires. This means that the provision of transport could be reviewed at any time. Parents who consider they are eligible should obtain an application form from the school or education office or www.eastdunbarton.gov.uk. These forms should be completed and returned before the end of February for those pupils beginning school in August to enable the appropriate arrangements to be made. Applications may be submitted at any time throughout the year but may be subject to delay whilst arrangements are made.

Chief Education Officer has discretion in special circumstances to grant permission for pupils to travel in transport provided by the authority where spare places are available and no additional costs are incurred. This is known as concessionary travel and parents are required to submit concessionary travel applications each year in the period June – July to ensure that consideration can be given to their request for concessionary transport for August.

Parents should obtain an application form from the education office or www.eastdunbarton.gov.uk.

(b) Pick up Points

Where free transport is provided it may be necessary for pupils to walk a certain distance to the vehicle pick-up points. Walking distance in total, including the distance from home to the pick-up point and from the drop-off point to the school in any one direction, will not exceed the authority's limits (see above paragraph). It is the parents responsibility to ensure their child arrives at the pick-up point on time. It is also the parent's responsibility to ensure the child behaves in a safe and acceptable manner while boarding, travelling and alighting from the vehicle. Misbehaviour could result in your child losing the right to free transport.

(c) Placing Request

The education authority does not provide transport for those pupils in receipt of a placing request other than in exceptional circumstances.

In the case of early entry requests, if the child is offered a place in his/her catchment area school, transport will be provided in accordance with the council policy stated above.

ADVERSE WEATHER CONDITIONS

Driver's Responsibilities

- In adverse weather conditions drivers **MUST** liaise with Head Teachers to ensure the safety of the children.
- In periods of snow and ice the driver must use their discretion to decide if a road is passable or not. They should endeavour to choose a route which gives the greatest number of children a reasonable chance of getting to school safely.
- At their own discretion drivers may abandon a morning journey and return all pupils already picked up to their homes and inform the relevant Head Teacher concerned. See bullet point below.*
- On homeward journeys pupils shall only be set down at their normal vehicle set down point. If there is a possibility that the vehicle will be unable to take the pupils to that point, contingency plans should be made with the Head Teacher.
- In the event that transport cannot continue due to blocked roads or any other obstruction, children will be instructed to stay in the vehicle until rescue can be organised.

Strathclyde partnership for transport/East Dunbartonshire Council's responsibilities

- SPT will contact a Senior Officer within EDC to advise of difficulties with transport.

- Senior Officer will contact Head Teacher/s.
- Head Teachers to contact parents, where possible by text message, (at peak times there may be delays due to volume across local authorities).
- * In the event of journey being abandoned, Head Teachers will advise the driver of any change to normal home address.
- At the beginning of every session, the school should update the contact details for all parents/guardians for pupils accessing school transport. This will allow school office staff to inform parents/guardians immediately of changes due to adverse weather.
- If the inclement weather is continuous, the school will update their website on a daily basis.

Parental responsibilities

- To ensure child/children are at designated pick up point (please note that in adverse weather this may differ from original point, Head Teacher will advise).
- If concerns regarding bus arrival, contact bus operator and/or school.
- Parents should ensure that they notify the school of any changes to their contact details.
- If they have not already done so, parents are advised to register for the text messaging alert system within their child's school.
- Where inclement weather is present and it is probable that the current pick up point is unlikely to be accessed, parents should take a common sense approach and their child/children should be taken or directed to the closest accessible pick up point within a reasonable distance.

MEDICAL AND HEALTH CARE

Information should be given on medical and dental inspections and on dental treatment. Parents should be given an indication of the procedures followed if a child takes ill at school. Parents should be made aware of the necessity to inform the school of any particular medical requirements and of arrangements to be made if a child has to be taken home.

Parents should provide the Head Teacher with sufficient information about their child's health care needs and treatment. Where necessary, this information should be updated annually or more frequently if there is a change in circumstances. Where there is concern about whether the school can meet the pupil's needs or where the parents' expectations appear unreasonable, the Head Teacher should seek advice from the school nurse or doctor and, if required, the Chief Education Officer.

DATA PROTECTION ACT 2018

East Dunbartonshire Council will process your child’s personal data in compliance with the Data Protection Act 2018 and all other relevant legislation. The Council may share your child’s personal data with other Council services and public agencies to support the delivery of services to promote the health, safety and well-being of children and young people. For full details of how we will use your data please visit – www.eastdunbarton.gov.uk/council/privacy-notices .

ACCESSING YOUR CHILD’S PUPIL RECORDS

Parents have a legal right of access to their child’s core education records, regardless of the age of their child. These are the records held within your child’s Personal Pupil Record (PPR). Parents do not have a general right of access to all records that mention their child. To access your child’s file, please apply in writing to the Head Teacher.

A child has a legal right of access to all records held about them. This includes records that may be held out with of the PPR. If a child is aged 12 or over and can show suitable maturity and understanding they may exercise this right of access through a request to the Head Teacher in writing. If your child is aged 11 or younger, or is not considered to have suitable maturity or understanding, then a parent may make an application on their child’s behalf for access to all records. The table below summarises who may access what records through writing to the appropriate Head Teacher.

AGE OF CHILD	CHILD’S LEGAL RIGHTS	PARENT’S LEGAL RIGHTS
Under 12	A child’s parent or guardian may apply on the child’s behalf for access to all records	Right of access to core education record (PPR)
12 and older	If able to show suitable maturity and understanding, the child may apply for access to all records	Right of access to core education record (PPR) No legal right to all records unless acting as child’s representative because child is unable to show suitable maturity or understanding

FREEDOM OF INFORMATION (SCOTLAND) ACT 2002

The Freedom of Information (Scotland) Act gives individuals a statutory right to the unpublished “internal” information and records held by Scottish Public Authorities such as East Dunbartonshire Council and its schools. Individuals have already used this legislation to find out about policy, procedures and how particular decisions have been reached. If you would like to use this

legislation to access particular information please write to the Head Teacher, and subject to certain conditions and exemptions, you will receive a full response within twenty working days of receipt of the request.

Please note that you cannot access personal information on staff or pupils under this legislation. To access personal information about your own child, please see the section 28 on Accessing Your Child's Pupil Records.

USE OF PHOTOGRAPHS AND VIDEO FILM INVOLVING PUPILS

On occasion, the school may seek permission from parents to photograph/video pupils for internal purposes within the school, for Council publicity materials and/or for press/media related activities. If a pupil's image is being used on any webpage or on a webcam, parents will be asked for express consent as this image has the capability of being viewed by any person with Internet access worldwide.

Pupil photographs will be held with the school's Management Information System (SEEMIS), parents will be asked for consent.

SCHOOL CAMPUS NO SMOKING POLICY

With the introduction of the Smoking, Health and Social Care (Scotland) Act 2005 and the Prohibition of Smoking in Certain Premises (Scotland) Regulations 2006, East Dunbartonshire Council now operates a no smoking policy across all authority's school campuses. Any person accessing the school must refrain from smoking in any of the school campus areas.

PUPIL USE OF MOBILE PHONES IN SCHOOL

There have been many concerns raised by Head Teachers, staff and parents about the extensive use of mobile phones by pupils and the associated risks of such use while in school.

The Education Committee of East Dunbartonshire Council as a result of these concerns, agreed that each school should have the power to set its own policy in relation to pupil use of mobile phones in school.

All establishments will incorporate the following points into their policy:

1. Schools will discourage, and will also advise parents to discourage, pupils from bringing mobile phones to schools.
2. Parents will be advised that East Dunbartonshire Council will not accept liability for the loss or damage of mobile phones which are brought into the school or school grounds by pupils.
3. If pupils bring mobile phones to school, the phones must remain switched off while the pupils are in class. Head Teachers will have the power to extend the switching off of mobile phones by pupils to the whole school building and also to the school grounds.
4. Where a pupil is found by a member of staff to be using a mobile phone outwith the policy of the school, the phone will be confiscated. When a phone is confiscated, a receipt will be passed to the pupil by the relevant member of staff, in order that the pupil can present the receipt at the end of the school day to uplift the phone.
5. If a pupil is found taking photographs or video footage with a mobile phone of either other pupils or staff, this will be regarded as a serious offence and the Head Teacher, depending on the circumstances, will decide on an appropriate discipline. In certain circumstances, the pupil may be referred to the Chief Education Officer. If images of other pupils or staff have been taken, the phone will not be returned to the pupil until the images have been removed.

APPOINTMENT OF ADULTS TO VOLUNTARY CHILD CARE POSITIONS

In order to meet a legal obligation under the Protection of Children (Scotland) Act 2003 and as part of the policy in respect of child protection, the Council has introduced a policy to ensure that any individual who is appointed to a voluntary child care position is not fully listed on the Disqualified from Working with Children List.

This policy, which requires any adult appointed to a voluntary child care position, to undergo a criminal background check to ensure their suitability. The policy applies in particular to:

- parent volunteer helpers in schools who are considered to have regular contact with children and young people;
- parents and co-opted members of parent councils;
- parent members of local parent-teacher associations;
- elected members serving on committees relating to the development of children's services;
- any other individual working in a voluntary child care position within a service managed by East Dunbartonshire Council.

The policy builds on East Dunbartonshire Council's *Child Protection Interagency Guidance* (2002) which underpins all child protection work undertaken by local authority services. It also complements the Council's policy on the leasing of council premises to organisations which provide activities and services to children and young people.
